

SUPER GROWTH

Pelletised Fertilizer

Put life back in your soil
Add organic matter & stimulate biological activity

SUPER GROWTH

Pelletised Fertilizer

Formulated with a range of natural ingredients chosen for their ability to enhance plant growth and improve fruiting and flowering including Blood & Bone, Sulphate of Potash, Rock Minerals & more.

Super Growth is a proven product that is used extensively on a broad range of crops.

The Benefits of Using a Slow Release Composted Fertilizer:

- Supports strong plant & root growth
- Stimulates biological activity
- Improves nutrient availability to crops.
- Fast results balanced with a slow release of essential nutrients

Certifications & Quality Control Measures:

- Australian Organic Certified Input (451)
- USDA NOP compliant
- Compliant with the requirements of Australian Standard for Composts AS 4454
- We follow a strict pasteurization process to ensure our products are pathogen & weed free
- Compliant with Freshcare supplier requirements

Usage

- Suitable for a broad range of crops
- Safe for natives, palms & shrubs
- Perfect for lawns/turf, flowers, vegetables, fruit trees
- Suited to all types of application equipment incl. seeders and spreaders

Packaging: 3kg bucket, 10kg bucket, 15kg & 25kg bags.

Bulka Bags & Loose Bulk
