

SuperStar Zn

Broadacre Blend

Composted Poultry Manure + Guano +
Conventional Fertiliser in one easy to use pellet

SuperStar Zn

Broadacre Blend

Designed specifically for the broadacre farming segment, SuperStar Zn is the perfect blend of conventional and organic components together in a user friendly compound pellet

Not only a source of readily available nitrogen, phosphorus and zinc for a great start to your crop, SuperStar Zn also provides some slower release phosphorus to make sure there is plenty left when the crop needs it to fill grain at the other end.

Add in the carbon & trace elements provided by the manure and you have a brilliant all-round addition to your crop nutrition program.

The Benefits:

- Biologically active organic matter with 28% Carbon.
- Brings carbon directly to the root zone.
- Supports strong plant establishment.
- Superior long term phosphorus availability.
- Contains both quick & slow release N & P to ensure excellent establishment and reduce the risk of P 'Lockup'.

Certifications & Quality Control Measures:

- Compliant with the requirements of AS 4454 Composts
- Strict pasteurization process for pathogen & weed free products

Usage:

- Compatible with most air seeders/planting equipment
- Suitable for all broadacre crops
- Application rates from 40 to 125kg/Ha

Nitrogen (N)	4.7%
Phosphorous (P)	5%
Potassium (K)	1.8%
Sulphur (S)	1.5%
Calcium (Ca)	5.2%
Magnesium (Mg)	0.6%
Boron (B)	0.003%
Zinc (Zn)	0.5%
Iron (Fe)	0.15%
Manganese (Mn)	0.075%
Copper (Cu)	0.008%
Carbon	28%

**COMBINES
TRADITIONAL
GRANULAR
FERTILISERS WITH
POULTRY MANURE
+ GUANO
IN ONE
EASY TO USE PELLET**

**SUPERIOR LONG TERM
PHOSPHORUS
AVAILABILITY**

**BRINGS CARBON
DIRECTLY TO THE
ROOT ZONE**

**Provides 280kg
per tonne of
biologically
available Carbon**

Packaging: Bulka Bags & Loose Bulk
