

AUSSIE NATIVES

Native Plant Food

Formulated for Australian Native Plants
Slow Nutrient Release Pellets

AUSSIE NATIVES

Native Plant Food

COMPOSTED MANURE

PLUS GYPSUM, BLOOD MEAL, FISH MEAL & SULPHATE OF POTASH:

- Aussie Natives Plant Food provides the perfect balance of nutrients for your entire collection of Australian plants.
- Contains the ideal ratio of nitrogen to potassium and safe on phosphorous sensitive species.

The Benefits of Using a Slow Release Composted Fertilizer:

- Supports strong plant & root growth
- Supports fruiting & flowering
- Slow release of nutrients

Certifications & Quality Control Measures:

- Australian Organic Certified Input (451)
- Compliant with the requirements of Australian Standard for Composts AS 4454
- We follow a strict pasteurization process to ensure our products are pathogen & weed free

Usage

- Suitable for all types of native plants including bottlebrush (callistemon), banksias, grevillea, protea and native grasses.
- Suited to all types of application equipment incl. seeders & spreaders
